Please understand that we want to serve each of our students to the best of our abilities. During the open registration period, please send your questions via email to the appropriate counselor so we can expedite you getting the information you need for registration. Remember that during this time of the year our counselors are still involved in the mass testing which occurs each spring, and, probably the most important task, making sure our seniors graduate in May. You may contact Mr. Gray (grayd@santarosa.k12.fl.us,), Assistant Principal, in guidance with registration questions as well.
