

Hello Patriots,

We are excited to see all of you back at school. We want the safest learning environment possible. It is required for all of you to follow these specific guidelines when arriving to school, transitioning between classes, eating lunch, and leaving campus at the end of the school day.

### **Arriving to school:**

How a student arrives to school will determine their morning routine. When arriving to school all students are expected to wear a mask once they arrive on campus.

- All students that drive to school will remain in **their** vehicle until 9:00 a.m.
- Bus riders, walkers, and bike riders will report to the front courtyard; social distancing is expected.
- Car riders will report to Independence Hall.
- Students can report to 1<sup>st</sup> period starting at 9:00 a.m.

\*\*\*Any student needing to eat breakfast will report to the cafeteria\*\*\*

### **Transitioning in hallways:**

- When transitioning in hallways, students will stay on the right side of the hallway. Students need to report to their next class quickly and efficiently (no grouping of students). Masks must always be worn.

### **Lunch:**

- Lunches will remain congested in the cafeteria. Students will be offered the additional options of eating outside and in the gym (no tables provided). If social distancing is a concern for a student, it is recommended that the student take advantage of one of the alternate options that will be provided. Regardless of where students eat, they will be required to wear their mask once they have finished their lunch.

### **End of the School Day:**

- Students are expected to leave campus (unless they are participating in a school sponsored activity) at the end of the school day. Bus riders will social distance in the front courtyard until their bus arrives on campus. Again, masks must be worn.

We're excited for a successful school year.
